30 day Post-General Report (10/19/00-11/27/00)—Amended

Ladies and Gentlemen:

I am filing this letter to answer the questions you raised in your May 9, 2001 letter to me concerning our 30 day Post-General Report (10/19/00-11/27/00). This letter should also be considered an amendment to that report for the items included below.

- 48 Hour Notice Filed as of 10/30/00 for Aventis Cropscience Political Action Committee contribution which we did not include in the post general report. Please be advised that this was a duplicate notice which should not have been filed. The original notice and contribution, both date October 23, 2000, were correctly reported. The duplicate arose from a copy of the original check which a campaign employee erroneously forwarded to me as another contribution.
- The Committee may have failed to file one or more 48 Hour Notices as required by law. I reviewed the above report and noted four potential filing omissions (listed below as a report amendment). These contributions were all dated November 4, 2000. Our campaign receipt records indicate that we received these contributions on Monday, November 6, 2000 which was after the 48 Hour Notice Policy requirement. They were erroneously dated in post-general report and there was no failure to file a 48 Hour Notice. During this review, I noted an additional receipt date error that I am correcting with this amendment.
